SUMMARY

I specialize in building modern, responsive websites and applications that not only look great but also function seamlessly across all devices. My experience in Express and Node Js allows me to create secure and scalable Backends with REST Full API's.

EXPERIENCE

Full-Stack Web Developer (Remote Internship) at [CODTECH IT Solutions PVT. LTD](#)

March 2026 – Jun 2026

I am doing 12 weeks Full Stack Web Development Internship at CODTECH and creating real world projects. This internship teaching me that how to work under pressure, handling Frontend and Backend both. I learned more about React, Express and handled CORS errors, Implemented live chat feature using Socket.io and REST full APIs.

Python Developer (Summer Intern) at [Mechatredz Technologies](#)

Aug 2024 – Oct 2024

I have successfully completed 48 days summer training in Python with Django and created a travel planner web app. During this internship, I have learned about Git & GitHub, Secured user authentication and MySQL database.

Front End Developer (Intern) at [Coding Raja Technologies](#)

Jan 2024 – Feb 2024

I have successfully completed 1 month internship at Coding Raja Technologies. During this internship, I learned basics of web development using HTML, CSS and JavaScript and built a simple music player web page with interactive buttons.

SKILLS

Languages – HTML, CSS, JavaScript, Python

Front-end Technologies - React Js, Tailwind CSS, Bootstrap

Back-end Technologies – Express Js, Node Js, JWT Authentication

Database - NoSQL Database - MongoDB, SQL Database - MySQL, SQLite, Redis

Tools – GitHub & Git Version Control System, Figma Design, Chat GPT

EDUCATION

Diploma in Computer Science & Engineering

Mahamaya Polytechnic of Information Technology, MaharajGanj, Uttar Pradesh

2022 – 2025

Percentage: 76.09% | **CGPA:** 7.8

PROJECTS

Chat App

[GitHub](#)

I have built a custom real time chat app with email OTP verification and Token based Authentication. Building this project taught me that how web sockets work, how to manage user sessions and create a seamless user experience.
